

WASTE DISPOSAL

It depends on your local guidelines. We always recommend checking the area you are staying in for proper waste disposal.

WARRANTY

For customer questions or support please reach out to us at support@ogotoilet.com

LAYER METHOD

Layer over each solids use with a medium to prevent odor.

This appliance is not to be used by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction. Children being supervised not to play with appliance.

QUICK AND EASY TO

GET STARTED

1. Install bag underneath bag clips.
2. All urine should flow forward.
3. Solids waste should go to the back.
4. Dispose of all waste properly.

ADVENTURE**

After installing the bag, add a layer of medium such as coco coir, sphagnum peat moss or sawdust to the bottom of the bag

SANITATION CAN BE SIMPLE AND EFFORTLESS

Please note this is a layering-type compost bin so you will have to have a separate bin of medium next to the toilet to scoop and layer over-top of the waste after each use.
